The acceptance of any bid, however, shall be solely at the absolute discretion of the auctioneer to whom is reserved the right to accept or reject any and all bids. If duplicate lots are available, both may be sold at the same price, which will be the normal bidding advance over the third high bid.

If the auctioneers, at their discretion, should institute any legal or collection action to secure payment of a delinquent account, the defaulting purchaser shall pay all legal expenses and collection fees incurred by the auctioneers, and such costs will be added to the amount owed.

FELLOW NUMISMATISTS:-

We are happy to welcome you to our 99th NUMISMATIC COMMENTARY & MAIL AUCTION SALE.

In this sale we are both pleased and proud to present to you the Collection of the late JAMES DUPONT. The most important section of this collection herewith presented includes Mr. Dupont's marvellous group of New Jersey obsolete paper money.

Jim Dupont was a classic collector. From boyhood 'saver of stuff' to latter day Renaissance man, Jim was both an omnivorous and voracious collector. Apart from coin and paper money (which he pursued with great enthusiasm), Mr. Dupont was a dedicated HAM radio operator. He also collected Rocks, Fossils, Indian artifacts, Jade, Ivory, Antique Firearms, Old Books, Historical Documents & Deeds, etc. In his later years, Jim Dupont became one of the world's great collectors of meteorites, willing and able to chase finds anywhere on our planet.

A man who, after spending much time overseas, built a substantial thermoplastics corporation, Jim Dupont retained and advanced his interest in the history of the State of New Jersey. We herewith present Jim's New Jersey obsolete paper money. It is a phenomenal holding. When my friends George Wait and D.Bartle were writing the NEW JERSEY Paper Money book, Mr. Dupont was always prepared to help. Likewise when Eric Newman was preparing his various editions. Jim Dupont would respond, when asked, to any specific request for information about a given note, and he so did many times over. Jim, however, was seldom willing to give up custody of his collection to a cataloguer or provide blanket information in general. Mr. Dupont's attitude, quite properly, was, I'll help any scholar, but I'm not able to answer all their questions for them. Otherwise, he could do the specialized book himself. What we find in Mr. Dupont's holdings, therefore, are many notes of which his is the note used for the catalog reference, and MANY, MANY MORE NOTES and varieties which have never been recorded.

Though this is primarily true for the New Jersey notes in this sale, the offerings from New York, Pennsylvania, and other states must not be overlooked. With the hundreds of previously unrecorded N.J. pieces presented here, we would encourage our friends and colleagues to file a copy of this catalog as a reference together with the Bartle & Wait book.

ENJOY COLLECTING
